Hello, this is Lilith, aka LilithLitheArt. I was rather active on Twitter around 2020-2022, and took a couple leaves throughout the years. I never thought I would get the courage to do this, but here I am. I'm posting this on alt, because I want my old account to be an archive for those who are still following it. I don't want any clout or attention, I want to bring awareness to this. It happens every day with minors having easy access to social media.

Update: I am going to post this on main. Sadly my alt got search banned and deboosted, but my point still stands. I don't want clout. I post this in hopes of spreading the news

I would like to share my experience with Erick, aka @AwesomeErick1, @AwesomeEriX, @ShadowErickX, however you know him. I apologize if this comes off as unprofessional, as I am not sure how to go about this. I've been really hesitant with making this doc in the first place, because the whole experience was extremely traumatic. Truly, I'm embarrassed to even be sharing this. However, I'm done hiding. It's not fair to my younger self that the truth hasn't come out. It's even more unfair to future potential victims of his; or other people who use their power dynamic to their advantage. If this can help even one person who's been through a similar situation, I'll be happy. As you can tell from the tweet, I'll be going into some details about the timeline of how I was groomed by him. So here's a big trigger warning regarding grooming and pedophilia. NSFW topics warning as well. I was a minor until late December of 2021, so keep that in mind. I will be sparing of what messages I show from myself. I'm not super comfortable with showing sexts from when I was underage, so I hope you understand. I also apologize for my cringey texting habits. Some of the screenshots may not be in order, but the dates are at the top of the Twitter ones. I did my best to keep the longer conversations in order though.

We started talking in August of 2020. It was normal at first; as he never got weird until late October. I was 16 years old and had recently made a twitter. I drew lots of Rosalina fanart; including some suggestive work as a couple of you may have seen. Truthfully, it was a poor decision of mine to be using the app at such a young age; especially in a community where it's flip flopped between safe and not safe for work content. Hence why if you're a minor and reading this, I extend a huge warning to you. It's not safe to engage in such adult spaces, so please be mindful with who you're interacting with. Around the time I joined, Erick's Goddess Rosalina design had been getting popular. I found myself liking the design, and sent him a message about it; as well as asking for drawing advice. I have some screenshots attached here of some messages. A couple are from August, and the others from September where I asked for advice.

Me too lol

We can still talk :) 7:49 PM

Him asking my age.

These were the first scattered messages we'd send each other. Our conversations were rather spaced out, and I'd usually ask for advice with my art. I was very interested in his work, so I asked for help when I got the chance. He started off normally with his responses to my questions. He eventually asked for my age, to which I told him I was 16. He told me that he was 25. After that, he said that he wouldn't make it weird as long as I didn't, and that we could still talk. I feel like it was normal for him to ask for my age at that moment, because I made suggestive content. I never drew outright nsfw; but mainly revealing outfits, swimsuits, or designs. It was fine for a while, and he eventually asked to see my face. We grew closer with time, mainly around late October through early November. I noticed I developed feelings for him. We had good conversations, shared interests, and he seemed nice and understanding. It felt cool to be recognized in such a way by a big artist. We never had a day where we made it official that we were together; but around late November is when I noticed him being more affectionate and calling me baby. As time went on, we started engaging in conversation that involved sexual topics, and he'd ask for explicit imagery. I complied, as I figured we were "officially dating". Our interactions included nude pictures, videos, and texts, even though I was 16. He told me that in his state, I'd be an adult when I turned 17; but he didn't want to interact with me publicly because I was still technically a minor. He'd sometimes make jabs or weird remarks regarding my age. He'd remind me quite a bit that he didn't want anyone finding out about our relationship. I'd receive remarks such as "this is legal in Japan" "you're such a 17 year old" "how old are you again?" and I'll include the screenshots of those. For obvious reasons, I will not include screenshots of the content I'd send. However, I'll show some of his reactions to my pictures or videos, so you can know that I'm telling the truth.

A collection of only a fraction of his reactions to the images and videos I'd send him. This included lewd cosplay outfits' pictures, videos, nude pictures, nude videos. You name it. I was 16-17 in all of these.

The timeline for our relationship was very strange. We'd have periods where we'd "take breaks" for some time because of an argument. Our breaks usually started up because he'd realize we had nothing in common, because of our age difference. One of the breaks happened because he admitted that what he was doing was wrong. He admitted that our relationship came to be from him grooming me, and he didn't want to deal with the potential consequences that would come from it. I accepted it with a broken heart, and we stopped talking for a month after that. He eventually messaged me again to check up on me. We have some normal conversations for a bit, and then again; the "baby" comes back. There was my sign that we were dating again, and things were back to normal.

Screenshots of him admitting to grooming me, and saying we should call it quits until I turn 18. I was heartbroken because I had fallen in love at this point. I felt after seeing everything, it was unfair for him to leave. Also there's the irony of his self preservation. He reached out in October to check up on me again. We had some conversations through the days after that.

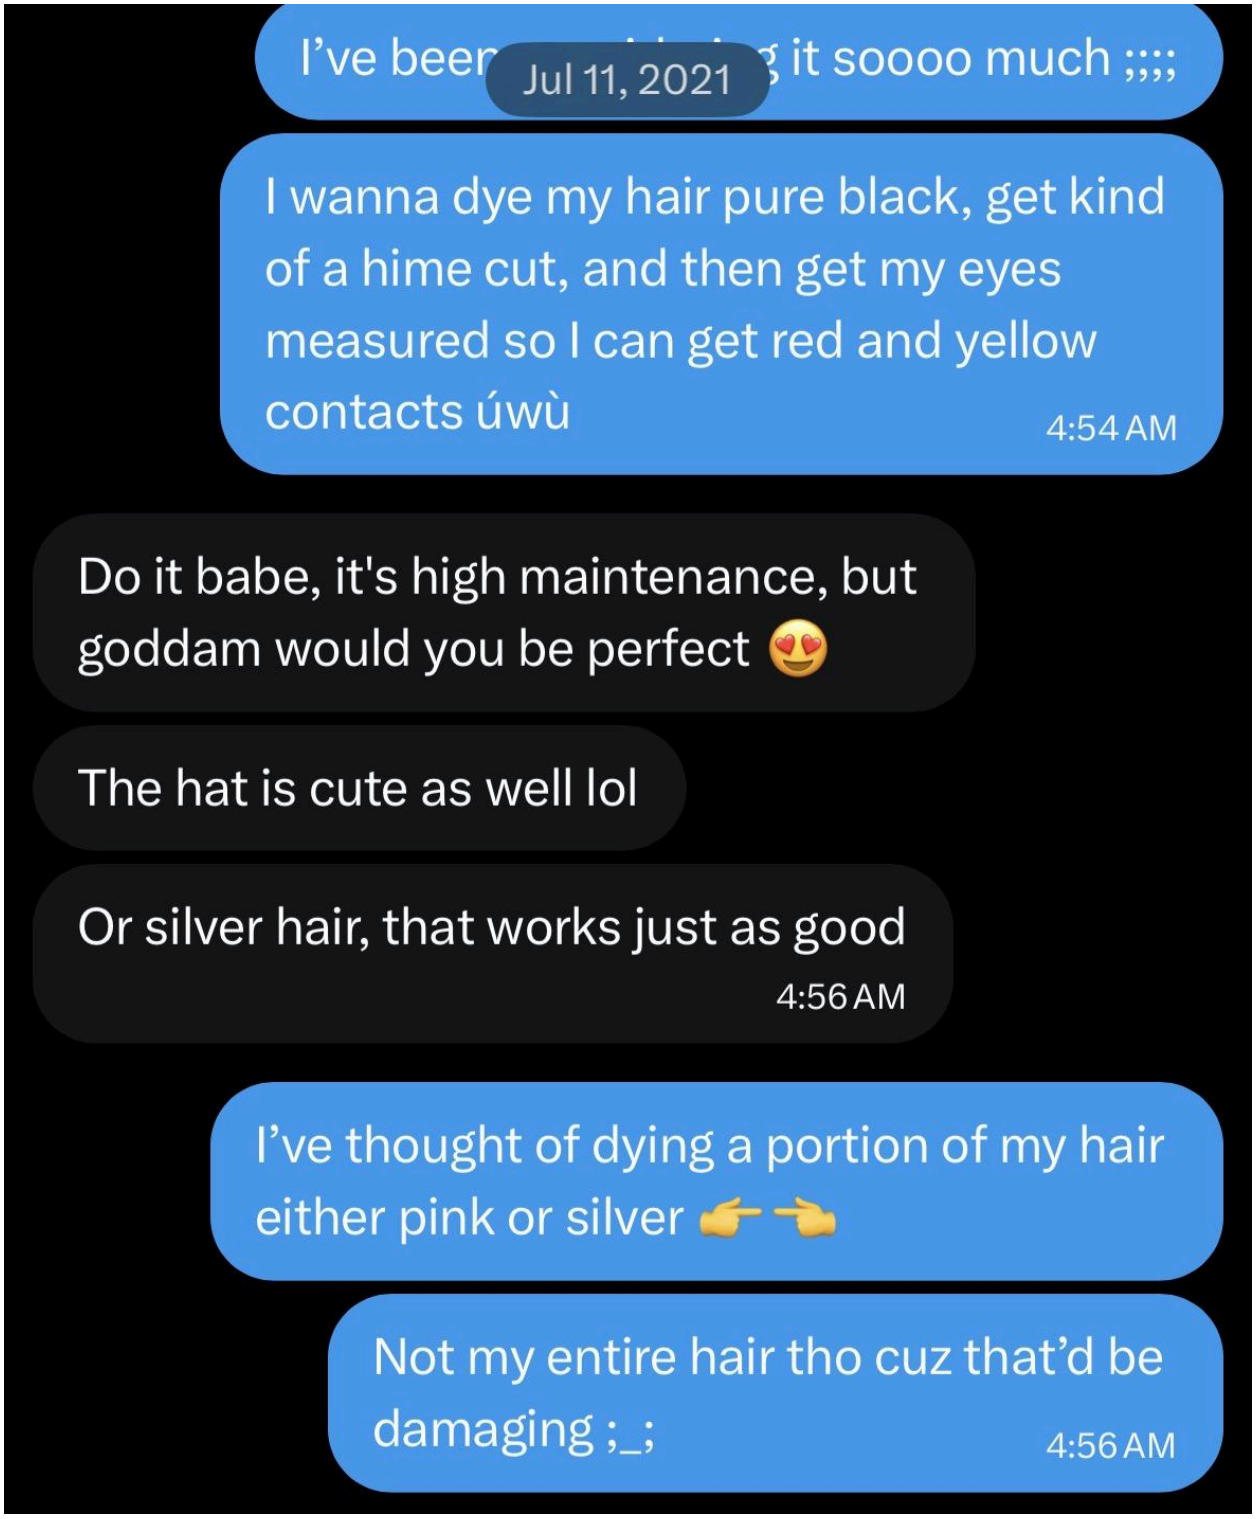
A few days later, once again comes “baby”. We’re back together.

This sort of thing happened a few times throughout the course of our relationship. We started a break on July 31st of 2021, as you could see in the screenshots above. On September 1st that year, he posted an oc that he made. Unfortunately I don’t have the screenshot of the actual tweet because the account is suspended. However, I do have the picture he posted, as well as a reply to his post. The OC had my goth fashion sense, the haircut I told him I was going to get that year, the style of dye I told him I wanted for my hair, the color eyes I told him I wanted for contacts, and pasties too. It annoyed me because it felt like he stole my identity before I could even claim it. When time passed, it was creepy to see how much she looked like me (at least the face, fashion and hair….). The proportions tell another story, me alone was never enough for him. So here comes this infinity symbol to show his fetishized obsessive goth girl fantasy. As you can see, that oc was posted in September of 2021. We had that conversation about me wanting to change up my appearance in July that year, which was a little bit before another break.



I've beer it soooo much ;;;;

I wanna dye my hair pure black, get kind of a hime cut, and then get my eyes measured so I can get red and yellow contacts úwù

The hat is cute as well lol

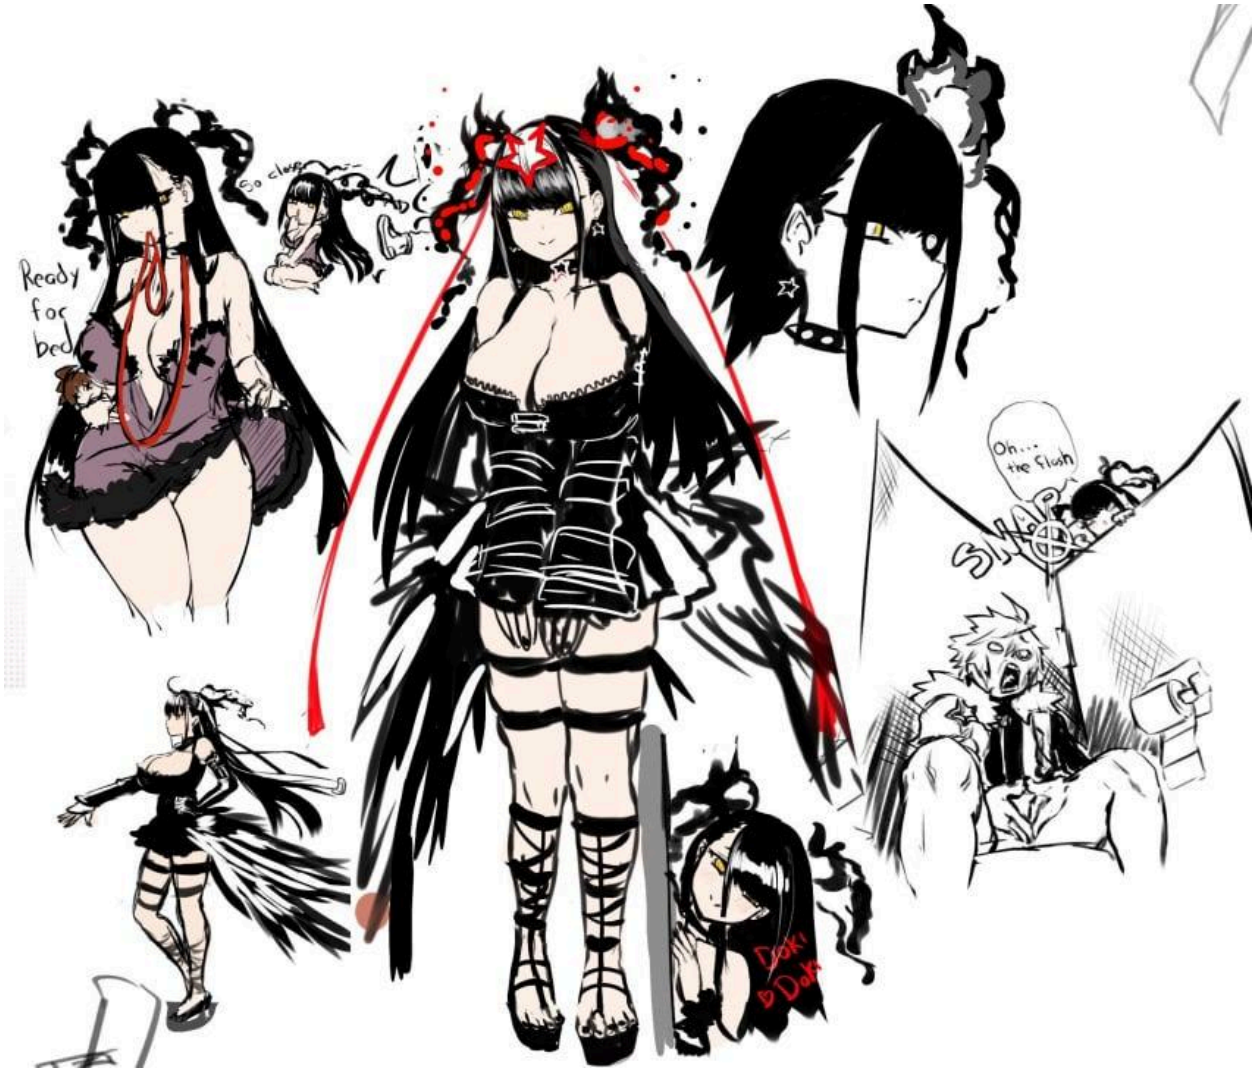
Me talking about how I want to change up my look



This is the OC he posted nearly 2 months after that interaction. She has my fashion sense, the haircut I told him I would get, the hair dye I told him I wanted, and the eye color I told him I

would get for my contacts.

Also this is good 😂

Funnily enough, in 2023 we talked through Discord; and he admitted that she was based heavily off of me. However, in 2024, I made a post on Twitter talking about it on my private account. He dmd me backpedaling when he found out. You can have this amusing contradiction. He mentions the hair, but again; we had that conversation about how I was going to get it cut like that before she even existed. Also you can see that he's still big on preserving his image years later.

I just gotta ask, have you been telling people what happened between us?

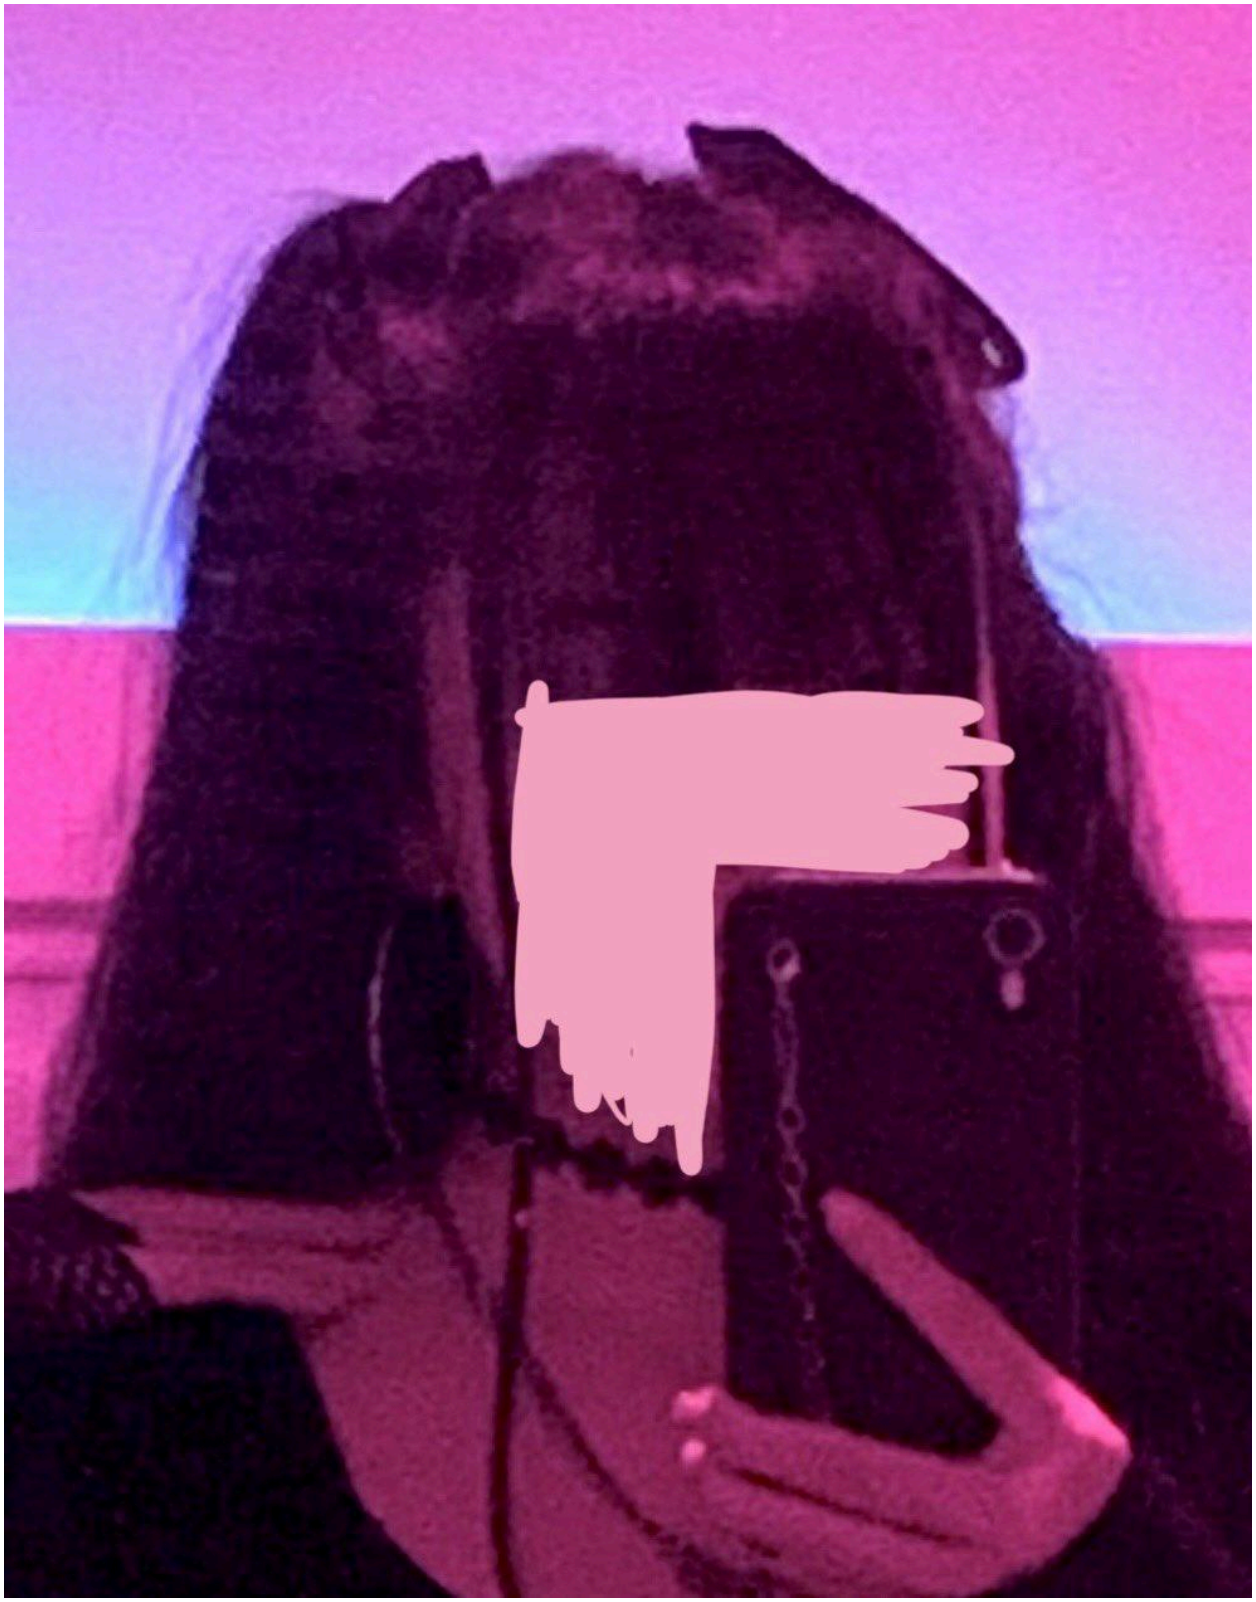
You accepted this message request
go fuck yourself



Above is a selfie of my new haircut that I showed him, as well as a pfp of his Oc. As for his texts, the self preservation and manipulation continues.

Back to 2021 though. As you saw; couple days after he posted that oc, he sent a dm to check up on me before we stopped talking for another month. Then in October, he reached out again. We started talking normally again, and eventually the “baby” came back. So I figured we were back together. Same cycle once again.

Apart from the predatory acts, he was also very disrespectful to me throughout the relationship. He would often make comments under sex workers’ posts while we were still dating, or flirt with them and other artists. He randomly made a new drawing for a Cosplayer artist (who I’ll blur out, this is no hate to you, your body is tea and your art is really good). He posted “you never forget the first woman who sent you nudes”. She had sent him nudes previously, before I was with him. On his first (now suspended) account, he made a post where he’d draw for girls who sent him nudes in return. I don’t know why he felt the need to bring that up again when he was in a relationship, but it made me feel disrespected. He’d get mad when I told him that his flirty or sexual comments towards other girls made me uncomfortable. He responded by saying that jealous girls are the worst. Situations like that happened a few times, but I eventually tried to ignore it. It’s unfortunate that I only found out what emotional cheating was in recent years. He was doing that by committing these acts. I can’t believe I let him gaslight me into thinking it was ok. I wanted him to love me though, so I eventually forgave him even though he never admitted it was wrong.

Oh damn I’m sorry to hear that.. 2:53 AM

This started out of nowhere because he didn’t like how much I apologized. I also brought up a comment he left on a cosplayer’s post. He said something along the lines of “Need me a girl that looks like this 😍” so you can imagine why that hurt. Of course, he told me that I was being jealous over a nothing comment. Then the manipulative suicide threat, just the usual bad tactics.

^ This set of screenshots was from when he was making weird comments towards another artist. We had this argument after I got uncomfortable with an array of tweets that happened. They were going back and forth with one another making comments about lewd stuff. He eventually asked her to send a video of her masturbating. Eventually she made some tweets saying she sent Erick some selfies. This isn't to fault her either, as she too wasn't aware of the relationship. Her tweets have been deleted since, and so have his it seems. He claimed she was gay, so I suppose he thought that it justified him asking for lewd videos.

I won't include much here from after I turned 18, because I want to get it out there that he was asking for sexual content from a minor. Of course, it's not like it stopped after I turned 18. If anything, he asked for it with more confidence once he knew it was legal. I do want to clarify though, for situations like this; I've learned that this is how it usually goes. It starts off when you're a minor, and is kept secret. It carries on into adulthood, with more confidence once the predator finds it "legal". If you or anyone you know is going through an experience like this, please reach out to the proper authorities. No voice should be left unheard.

So how did it end? A couple days after my 19th birthday in 2022, he got the vibe that I didn't want to send nudes. The next day, he told me that he felt like he didn't get what he wanted from a girlfriend. That I wasn't like other girls, not eagerly sending cute selfies and some other stupid

stuff. He said that I should date someone that's closer to me in age. It was pretty hurtful after everything he saw, but I eventually realized it was for the best. Then, a few days later he comes and apologizes, asking if we can make it work. I tell him that I'm done, because of how many times he hurt me; all the break ups, the disrespect, and he accepts it. We ended up going back to being friends. A few months later, he asks once more if I'd be willing to take him back and I refuse him. It was only a couple months after that which I realized the gravity of what happened. Not just the relationship itself, but how it came to be when I was a minor. It was only then that I truly knew how grooming worked, and why it's so dangerous. I wouldn't be posting this if it weren't for that fact. A 25 year old man asked a 16-17 year old girl to send nude pictures, videos, and texts; ignoring the age until it was convenient for him. He made many manipulative comments when I tried to confront him about stuff, and often wanted to keep me hidden so that no one would find out. I want to spread this so that anyone in a similar situation knows they're not alone, and can also understand the gravity of such a relationship.

12/31/2022 12:58 PM
I figured..

AwesomeErick 12/31/2022 12:59 PM

Hi
I've been pretty well, and you?
AwesomeErick 01/09/2023 1:52 AM
me too, sorry if it was a bad time earlier
01/09/2023 1:53 AM
It's alright, I learned to accept it
AwesomeErick 01/09/2023 1:55 AM
can I ask you something?
01/09/2023 1:55 AM
Go ahead
AwesomeErick 01/09/2023 1:55 AM

01/09/2023 1:56 AM
What do you mean by that?

AwesomeErick
01/09/2023 1:57 AM
Eh that's a bit hard to say because a lot happened recently lol
But truth be told, I was hurt when you first told me everything, heartbroken even
But I can't blame you for feeling the way you did at all
And realized I shouldn't be trying to stay in something if it's gonna be one sided on my end
Truth be told, I feel a bit used
But I have no resentment
AwesomeErick 01/09/2023 2:00 AM
I was a jerk and I'm sorry, would you like to give it one more shot?
I realized that as I was by myself
once you said you wanted to change I should've said yes then and there, sorry for making you wait this long (edited)
id like to give it one more fair attempt at a relationship if you'd give me the honor
only if you think I'm worthy of you though, I don't mean to pressure you

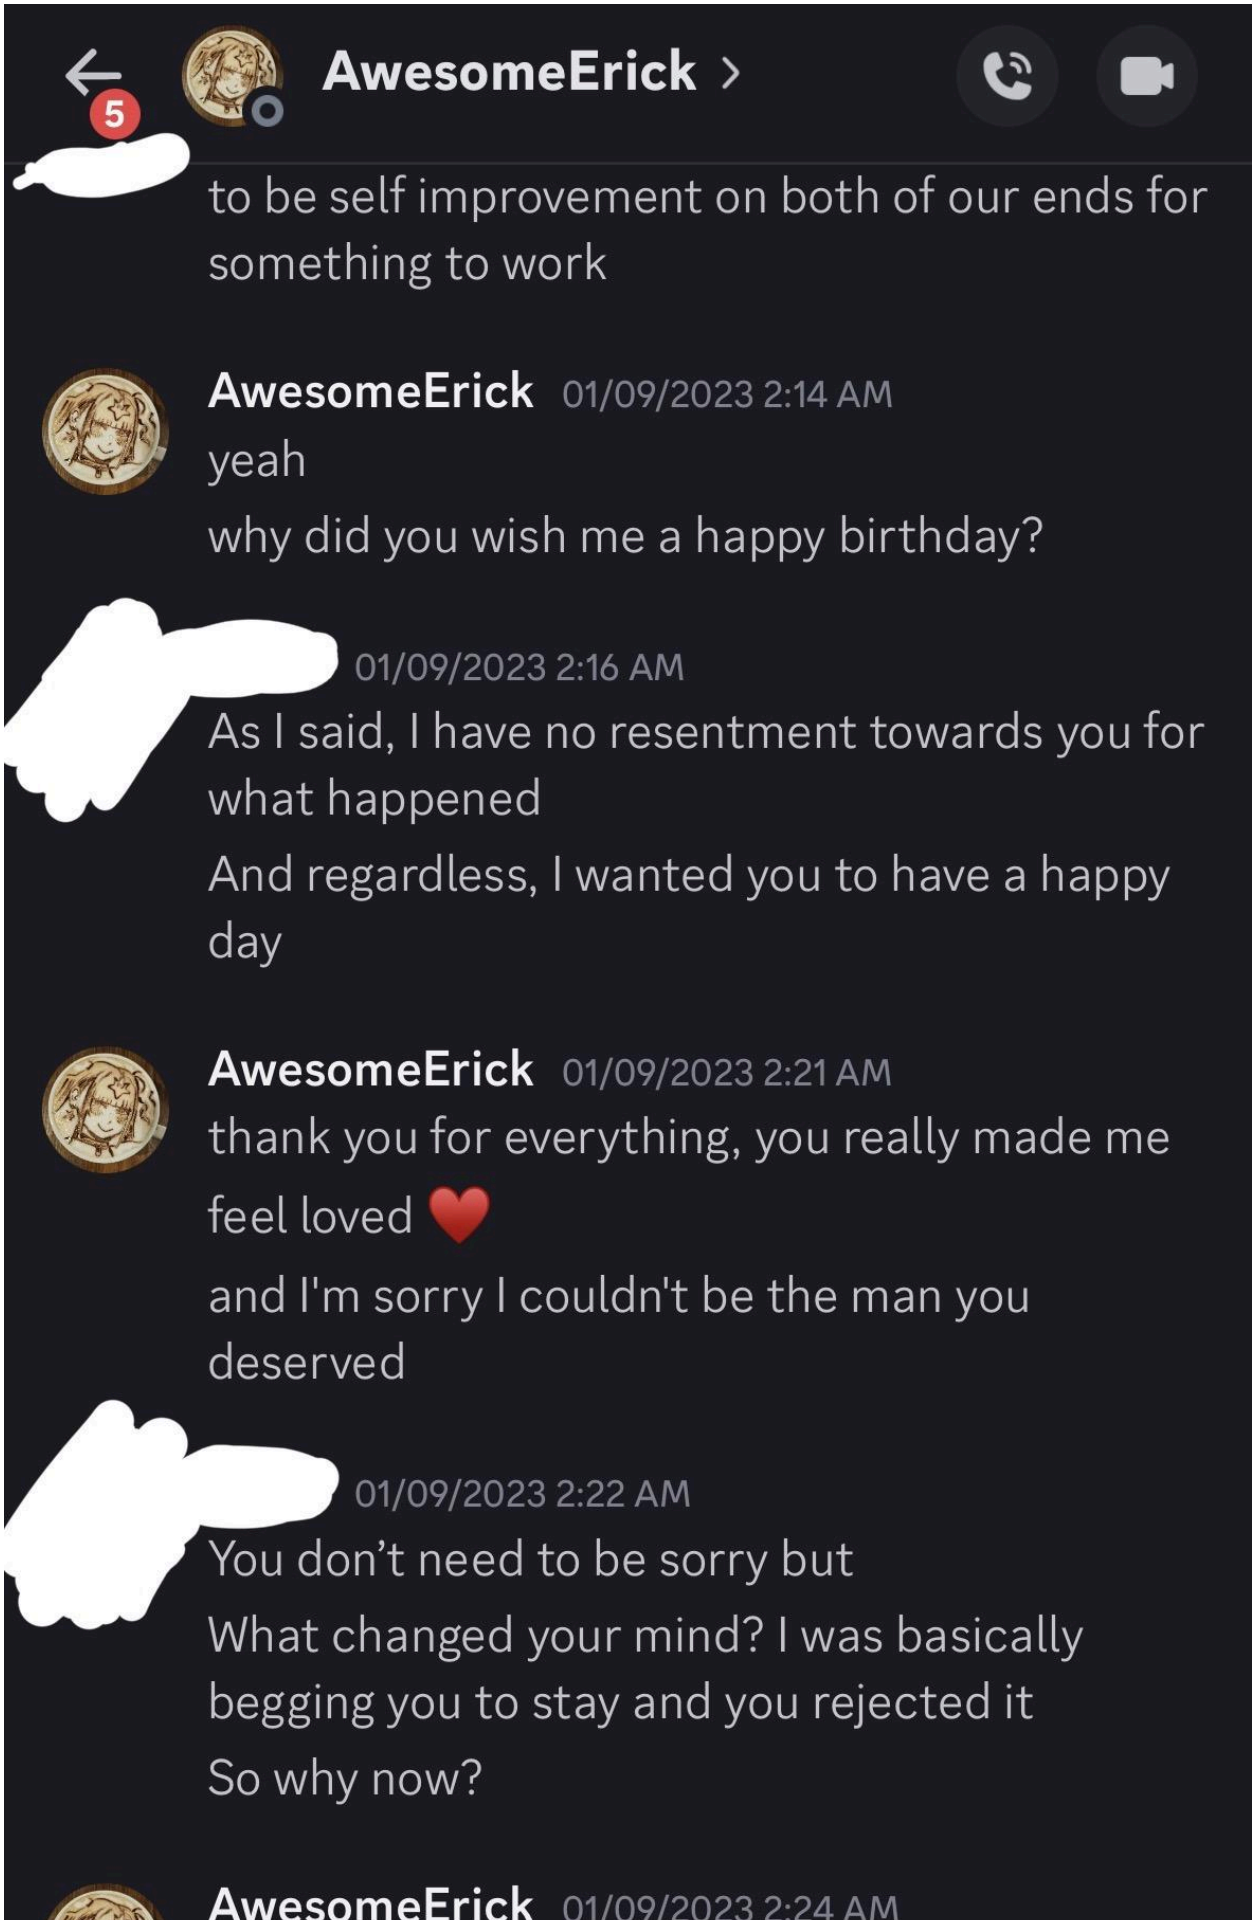
AwesomeErick
It hurt so much, I literally didn't want to leave my bed for the first couple days
But despite your words now, I feel your words had truth to them
You even told me you couldn't see yourself meeting my dad
It just tells me that you wouldn't see it long term, and it hurt a lot
I even told you before that I didn't trust people often out of fear they'd leave, and you went ahead and did it with little remorse, you said you only considered it because you didn't like seeing me sad..just pity for me
AwesomeErick 01/09/2023 2:12 AM
I'm sorry
01/09/2023 2:13 AM
Don't be, you told me you weren't happy, so I wouldn't want you to date me just to fill the space
AwesomeErick 01/09/2023 2:13 AM
I don't deserve you and I apologize I made you feel this way



AwesomeErick

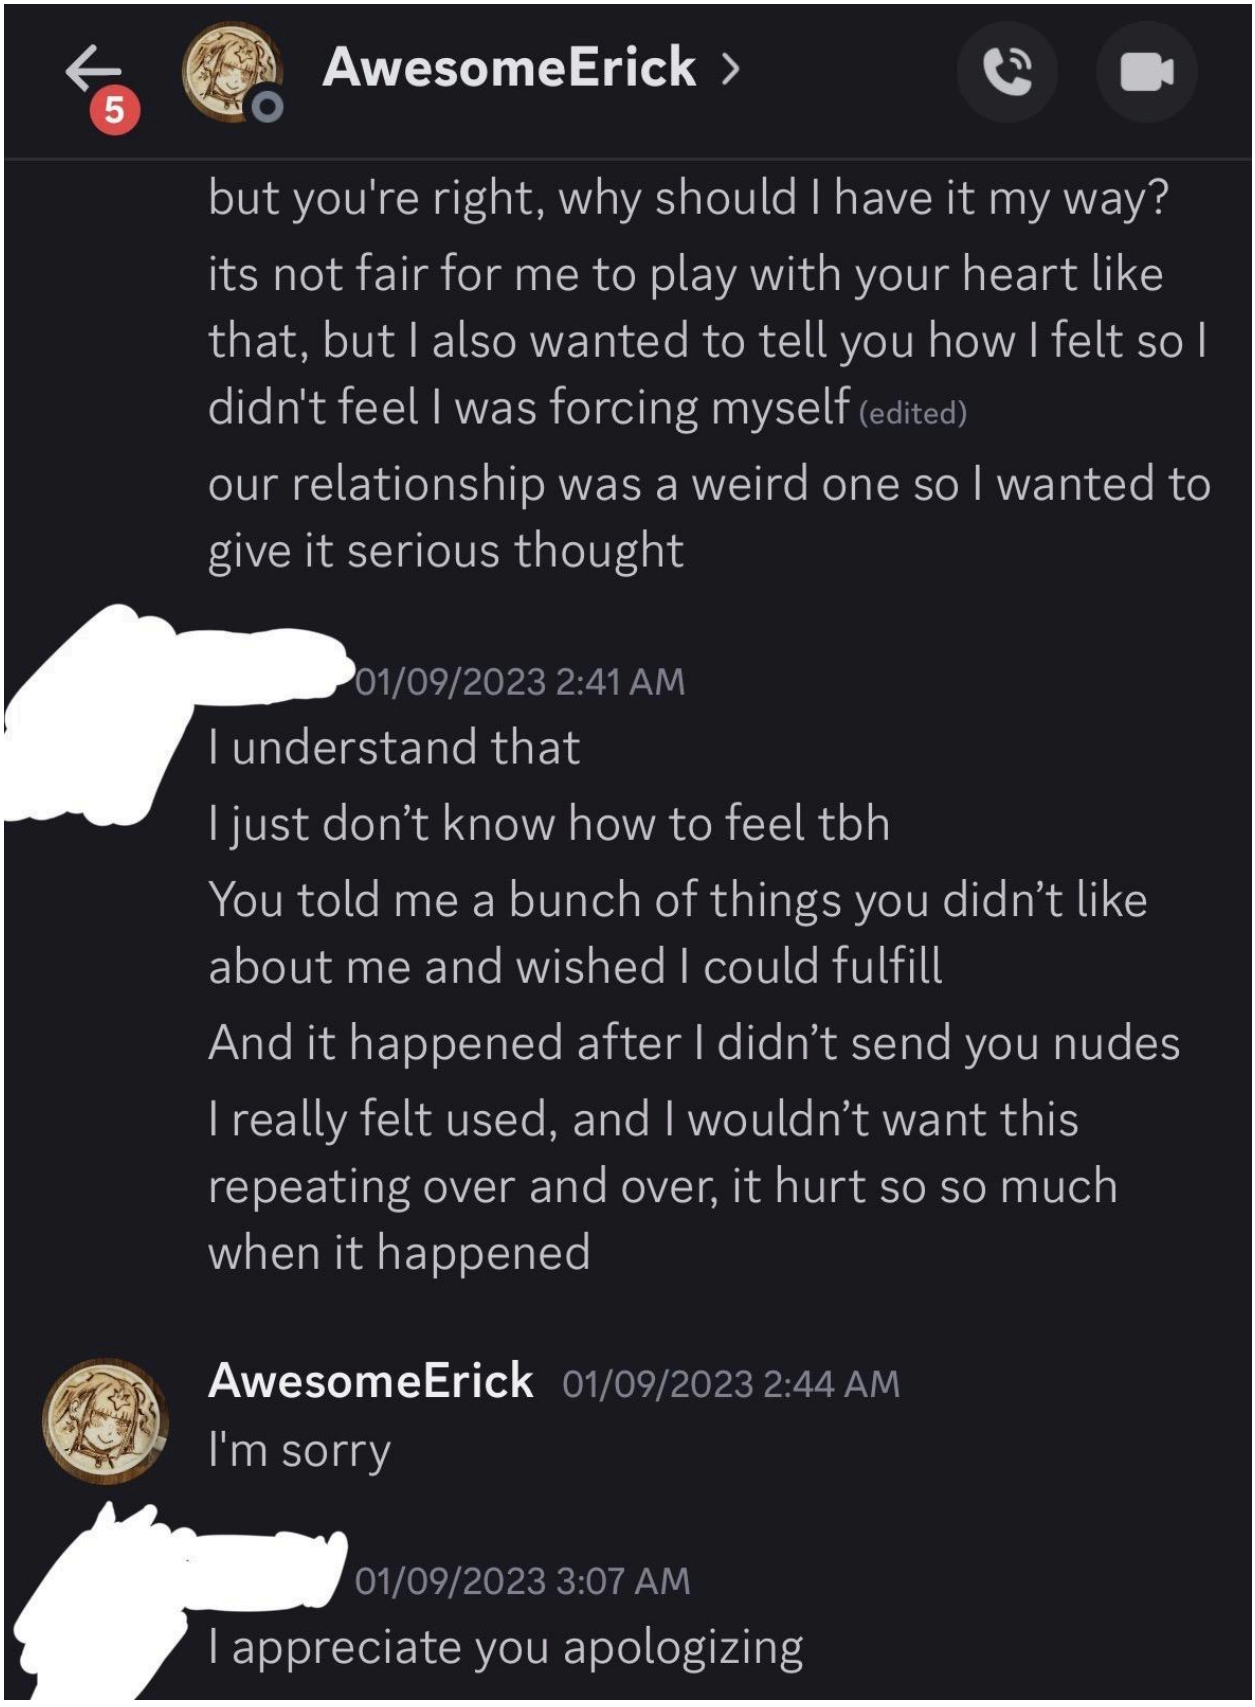
to be self improvement on both of our ends for something to work
AwesomeErick 01/09/2023 2:14 AM
yeah
why did you wish me a happy birthday?
01/09/2023 2:16 AM
As I said, I have no resentment towards you for what happened
And regardless, I wanted you to have a happy day
AwesomeErick 01/09/2023 2:21 AM
thank you for everything, you really made me feel loved ❤️
and I'm sorry I couldn't be the man you deserved
01/09/2023 2:22 AM
You don’t need to be sorry but
What changed your mind? I was basically begging you to stay and you rejected it
So why now?
AwesomeErick 01/09/2023 2:24 AM



5
AwesomeErick
but you're right, why should I have it my way?
its not fair for me to play with your heart like that, but I also wanted to tell you how I felt so I didn't feel I was forcing myself (edited)
our relationship was a weird one so I wanted to give it serious thought
01/09/2023 2:41 AM
I understand that
I just don't know how to feel tbh
You told me a bunch of things you didn't like about me and wished I could fulfill
And it happened after I didn't send you nudes
I really felt used, and I wouldn't want this repeating over and over, it hurt so so much when it happened
AwesomeErick 01/09/2023 2:44 AM
I'm sorry
01/09/2023 3:07 AM
I appreciate you apologizing

This was how things ended. First he said he didn’t want to be with me anymore, because I didn’t give him what he wanted from a girlfriend. Then later on, he messages me saying it was all untrue and that he wanted me back. As you can see, I finally developed the guts to reject him.

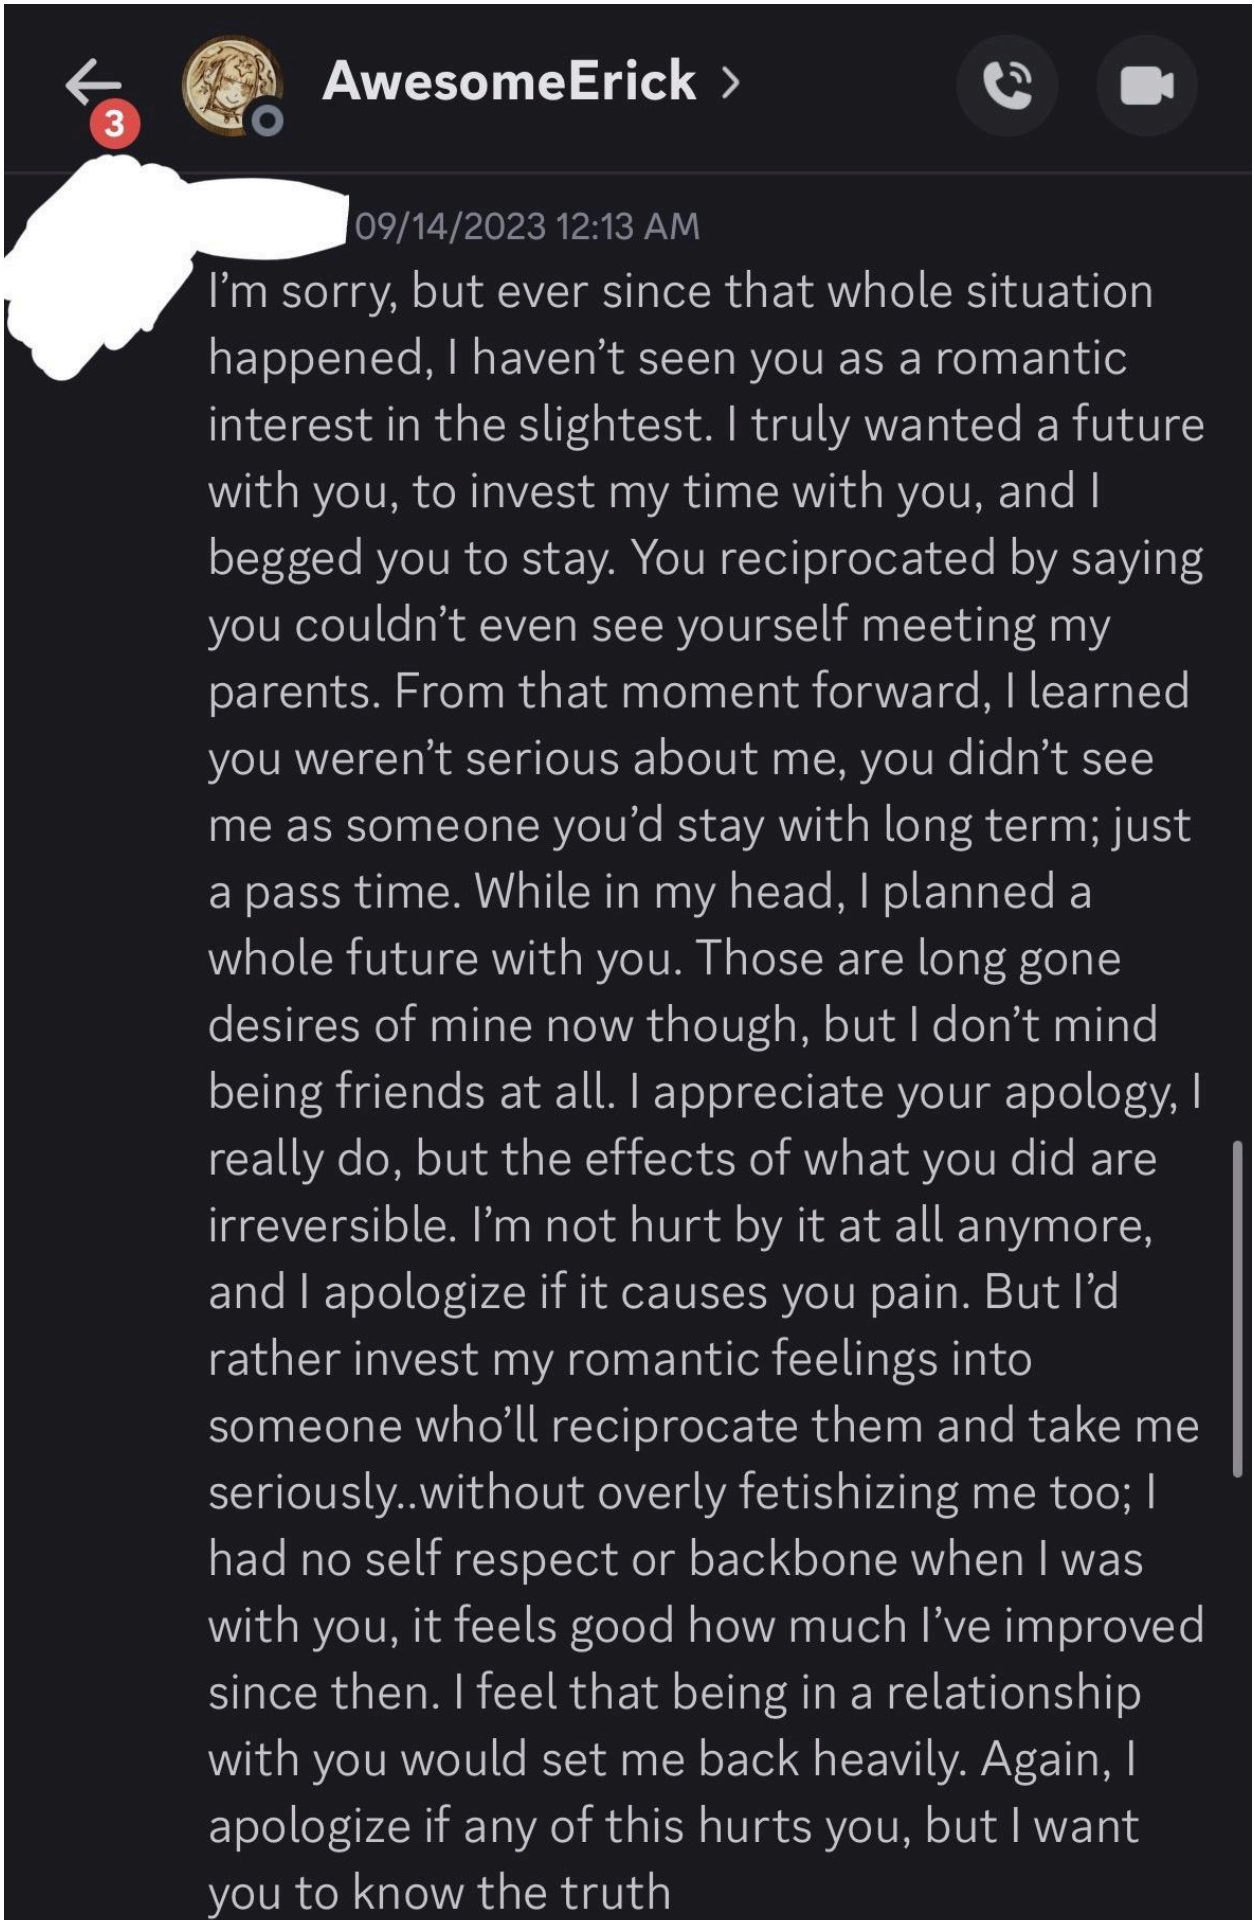
AwesomeErick 09/13/2023 11:46 PM
do you think you would ever consider taking me back? i know what happened was my fault and i was a jerk. you deserved to be treated better, get all of my attention and i failed you, and for that im sorry. i never stopped loving you wich is why i keep bothering you here



AwesomeErick
09/14/2023 12:13 AM
I'm sorry, but ever since that whole situation happened, I haven't seen you as a romantic interest in the slightest. I truly wanted a future with you, to invest my time with you, and I begged you to stay. You reciprocated by saying you couldn't even see yourself meeting my parents. From that moment forward, I learned you weren't serious about me, you didn't see me as someone you'd stay with long term; just a pass time. While in my head, I planned a whole future with you. Those are long gone desires of mine now though, but I don't mind being friends at all. I appreciate your apology, I really do, but the effects of what you did are irreversible. I'm not hurt by it at all anymore, and I apologize if it causes you pain. But I'd rather invest my romantic feelings into someone who'll reciprocate them and take me seriously..without overly fetishizing me too; I had no self respect or backbone when I was with you, it feels good how much I've improved since then. I feel that being in a relationship with you would set me back heavily. Again, I apologize if any of this hurts you, but I want you to know the truth

After some tension, we'd talk normally every now and then. Eventually, that led to him asking for me back once more. I rejected his request, and our conversations grew scattered from there. The last time I heard from him was 2024, but I didn't care to talk after I fully learned that I was a victim of pedophilia and grooming. I realized that it wasn't just a bad breakup, but me breaking away from an abusive, toxic, and manipulative relationship. One where I was completely objectified and disrespected from the age of 16-19. I couldn't be more grateful that it's over now, and that I now see the truth clearly.

TW: Eating disorders below

For my closing thoughts, I just want to thank everyone who took the time to read this. It's probably the hardest thing I've ever had to do. I worked hard to get through the shame that followed from going through something like this. It's been a journey trying to rediscover myself, but I think I've gotten much better after time passed. This situation had me all over the place trying to find out who I am. I felt like I lost my identity. I developed a severe eating disorder. Every day I existed hoping it would be my last. I hated what I saw in the mirror from how filthy I felt for letting this happen to myself. I was never enough. Not for me or anyone else. I had to teach myself that I deserve justice, as does any other victim of abuse. It was a rough journey, but I think things have gotten significantly better. Now I'm in the healthiest shape of my life, and life is looking up for me. I hope my experience can show someone that there is always light at the end of the tunnel. Once again, I want anyone else who's going through something similar to have the courage to speak up. I know it's scary, especially if you have to involve your parents or guardian. I wish I did though, so I could learn how wrong it was sooner. Grooming is dangerous, as the predator will almost always have certain manipulation tactics to keep you tied to them. I truly felt like I was in love with this man, but in reality; it was just his potential that I fell for. The image of him that I had in my head. Not what was real. Not the abusive man that I was actually talking to. It's hard when you love someone, but try to reason with yourself for what's delusion and what's real. Delusions and fantasy of what someone could be makes this all the more dangerous. I loved the idea of sharing a life with the man that existed in my head. Please don't hesitate to tell a trusted adult if you or someone you know sees this and is going through something similar. Once again thank you to everyone who read this.

Now if you're still here, I do want to show some extra stuff that didn't really fit into the rest of the doc. Not only did he take part in illegal activity, but he was also a strange and abusive partner. Below are screenshots of some examples. Some are before, and some are after I turned 18. I hope the absurdity of a couple of them can make someone laugh; as I am looking back. It's crazy to think that I saw nothing wrong with this type of behavior.

You use it for everything and it's boring lol

Criticized me for using certain emojis (💀). I used to send blue hearts a lot. He told me they were weird, and I should send red ones instead. I can't find that screenshot sadly, but his pickiness is amusing.

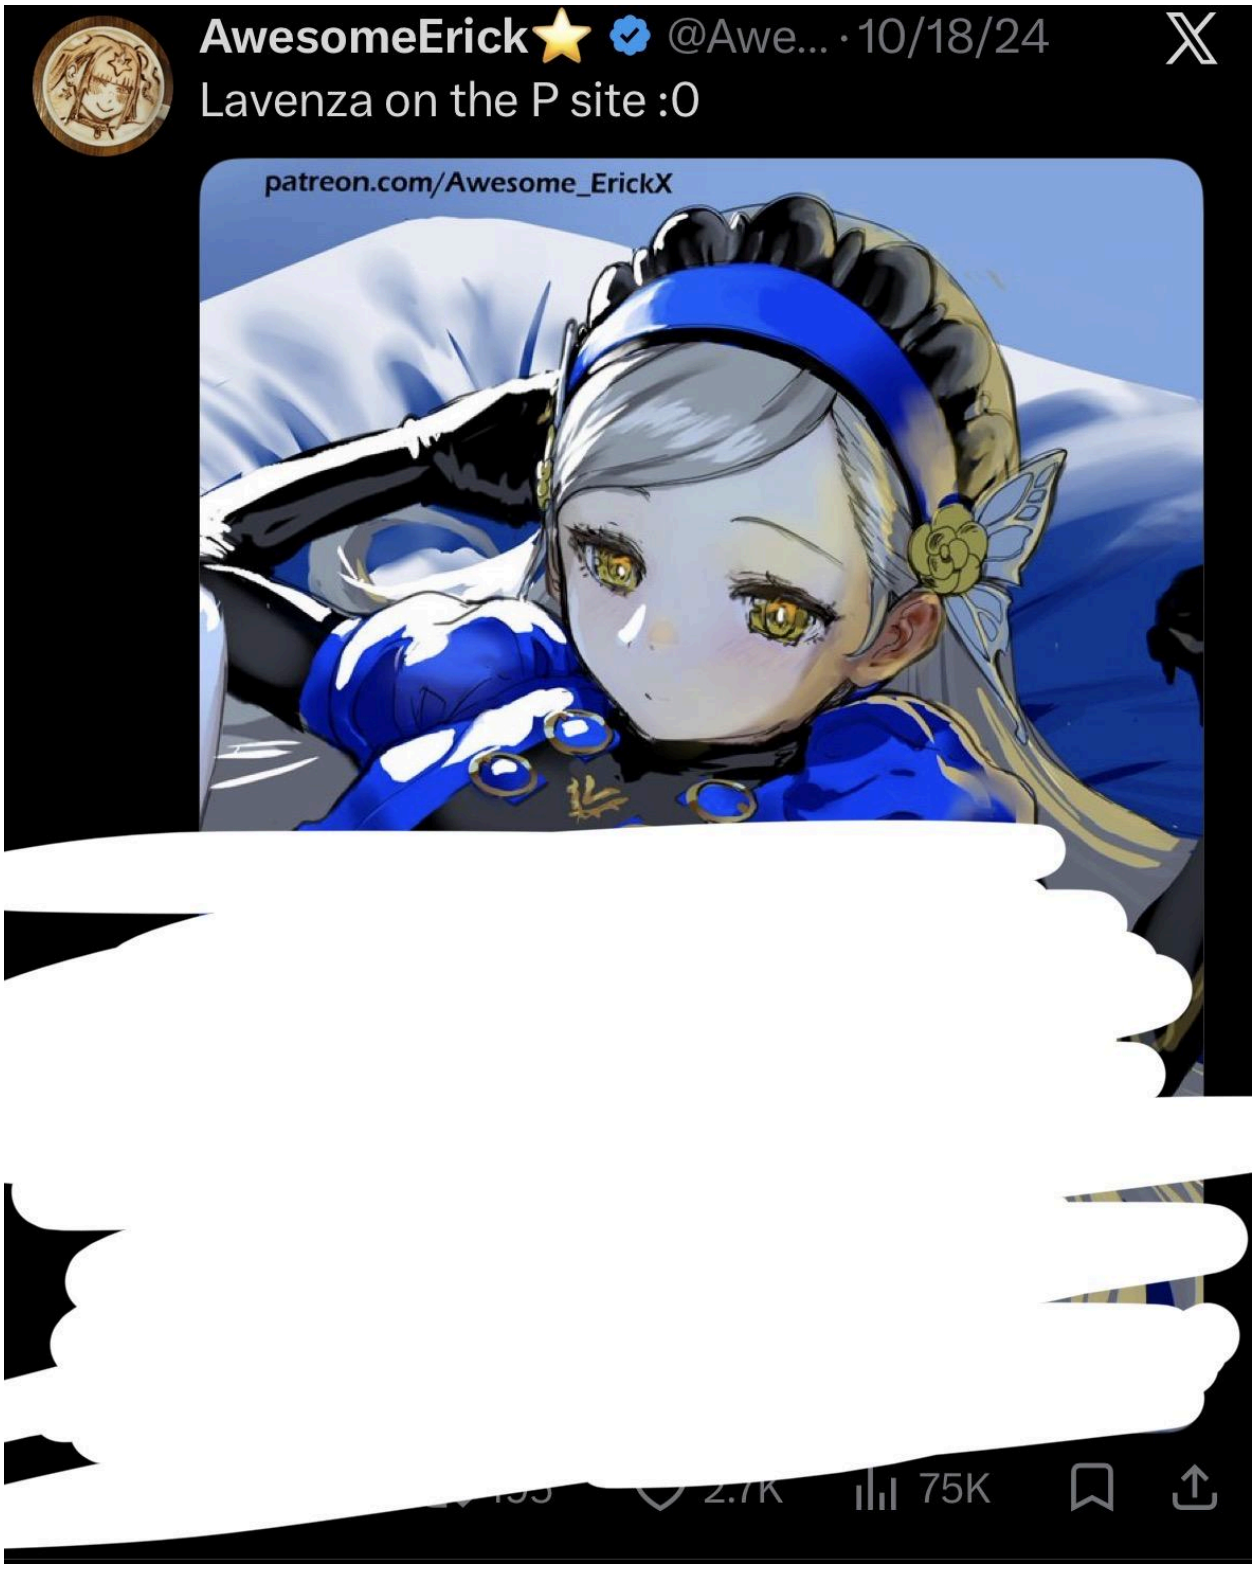
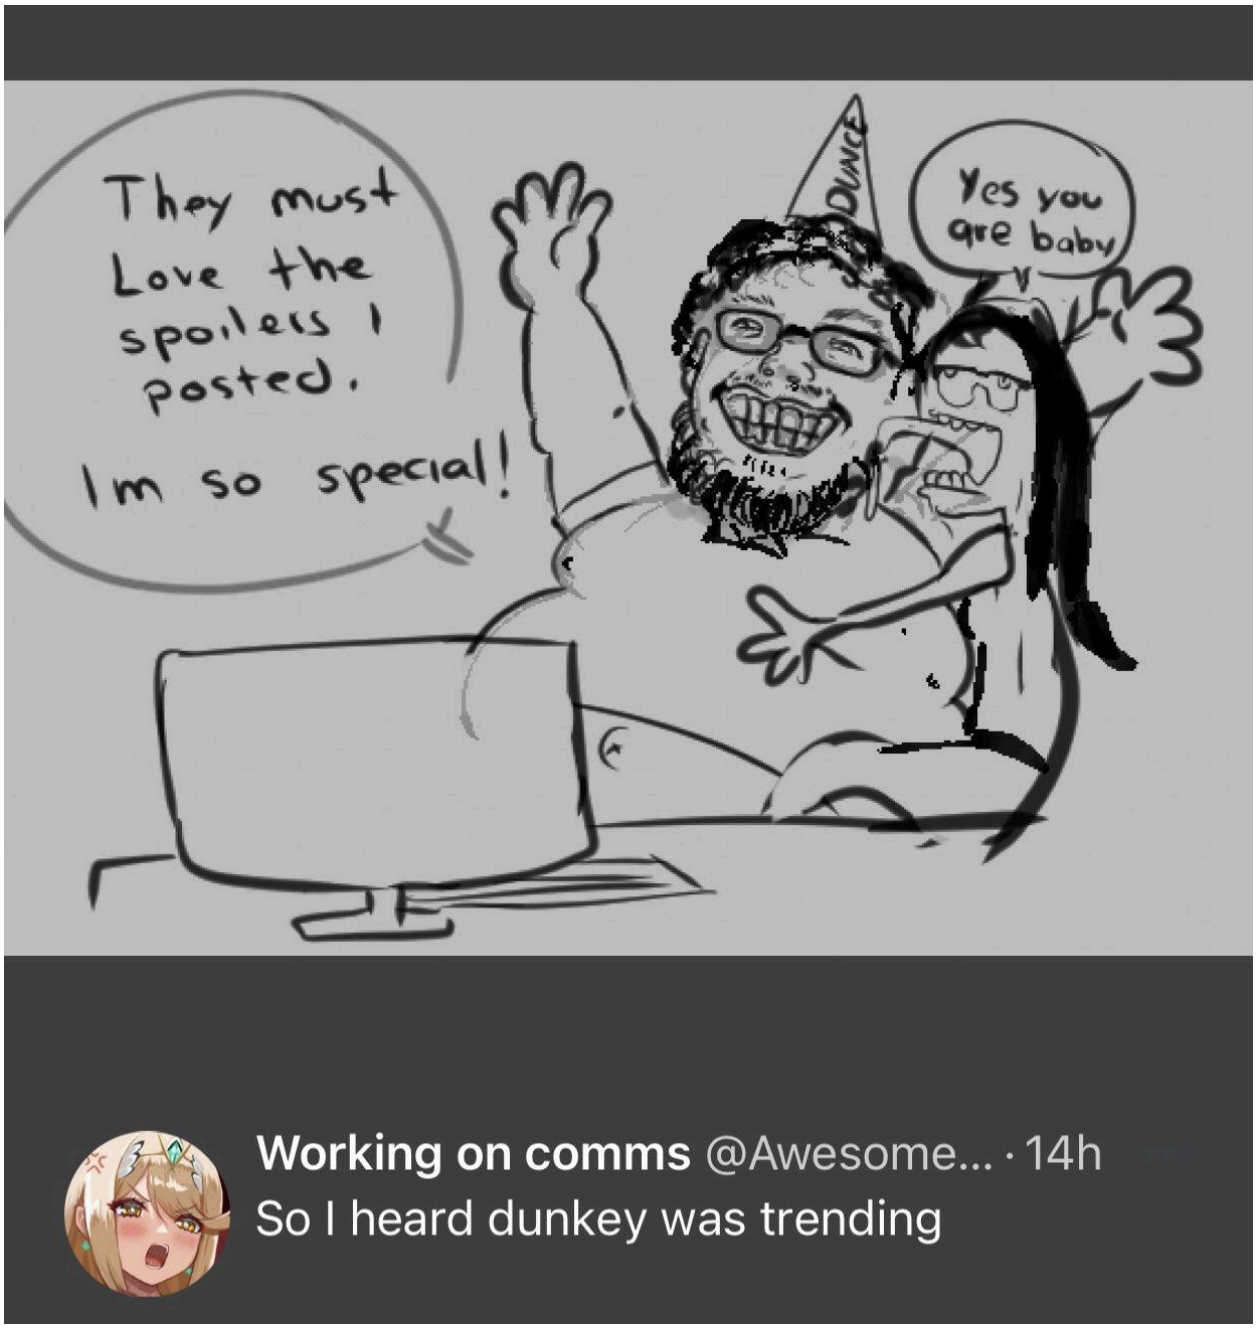
07/09/2022 2:51 PM
If I could, I would, I'm in pain ;~;

Wanted me to send him nudes for him playing ring fit for 10-15 minutes a day. He stopped being consistent with working out after I got my period 💀



People argue that drawing prepubescent characters doesn’t affect reality. Yet he frequently draws visibly underage characters in NSFW scenarios. Huge surprise that he asked a 16 year old girl for nudes..



They must Love the spoilers I posted.

Things like “you’re such a 17 year old, you have a lot of maturing to do, childish” as if it’s surprising, I’m still young 1:57 AM
Then we shouldn't be dating 1:58 AM
Why 1:58 AM
You said it yourseld 2:00 AM
Your problems and insecurities are something that you overcome as you get older, happens to everyone, so its kinda frustrating that I gotta repeat it, when it's not really a problem I should be dealing were you older 2:03 AM

2:26 AM
